SPECIAL NOTICE

The following arrangements apply where an entry or similar transaction is received in one country for transmission to a second country, in which the race is to be staged. Where such transactions involve a financial commitment equal to or greater than £10,000 (or equivalent), the nominator may be required to provide sufficient funds in advance. In the event of failure to do this, the Racing Authority staging the race may not accept the entry.

When a horse is entered in a race to be run in a foreign country, its Owner, Trainer and Rider will be deemed to have knowledge of the Rules of Racing applicable in that country and to have agreed to be bound by those Rules.

FRANCE - INTERNET ACCESS

France-Galop has given notice that, as from January 1st, 2012, any entries, declarations and jockey bookings for races in France must be made only through its website.

INTERNATIONAL RULE FOR THE ASSIGNMENT OF WEIGHT/ PENALTIES/ALLOWANCES AND INTERPRETATION OF RACE CONDITIONS FOR WINNING GROUP/GRADED OR LISTED RACES

With regard to penalties for winning a Pattern race, a Pattern race in a specific Group or Listed Race shall be understood to mean the winning of a Pattern race or Listed Race as defined.

Where race conditions provide for a penalty to be carried for having won a race, such penalty must also be carried when races of superior quality or value have been won.

For races taking place on or after January 1st, 2009 the assessment shown below for penalties shall apply:-

1. For countries whose major races are published in Part I only or in both Part I and Part II of the International Catalogue Standards (ICS) book: races are regarded as Group/Graded races of the Group/Grade indicated or as Listed Races if no Group/Grade is mentioned.
2. For countries whose major races are published in Part II only of the ICS book: races are regarded as Listed Races whatever the indicated Group/Grade.
3. For countries whose major races are published in both Part II and Part III: those races in either Part of the ICS Book and described as Group 1, are regarded as Listed Races.
4. For countries whose major races are published in Part III or not published in the ICS book: a race with Group I National status is regarded as a Listed Race.

The rule became effective on January 1st, 2009, with races prior to January 1st, 2009 retrospectively evaluated based on the new rule.

When referring to the ICS book to assist with interpretation of the rule, the publication for the appropriate year should be referenced based on the date of each race.

SOME IMPORTANT NOTICES

HORSES TRAVELLING ABROAD

In accordance with article 3 of the International Agreement on Racing, Breeding and Wagering, most Racing Authorities will require a Racing Clearance Notification (RCN) for when a horse travels abroad to run in a race the Authority is staging rather than passport endorsement. The RCN will attest that a) the horse is free or not free as the case may be from any restrictions preventing it from racing, b) that the Trainer is duly licensed and c) that the Owner is duly registered. For the purposes of the RCN a restriction on a horse does not include incomplete records of vaccination.

For a full list of the restrictions that each Racing Authority will include on an RCN, please refer to the website of the International Federation of Horseracing Authorities (www.horseracingintfed.com)

VACCINATION OF RACEHORSES AGAINST EQUINE INFLUENZA

The Racing Authorities in France, Great Britain, Ireland, Italy and Germany have agreed that no horse shall enter a licensed racecourse unless it has been satisfactorily immunised against equine influenza.

The vaccinations programme for France must ensure that:-

All horses that enter racecourse property must have received a primary vaccination against equine influenza consisting of two injections given no less than 21 days and no more than 92 days apart. Then a booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, followed by annual booster given within each succeeding 12 months.

The above are minimum requirements. In many cases, booster injections are recommended at interval of 6 months.

No horse may run in a race if it has been vaccinated, whatever the vaccination given, within the 4 days previous to the race.

The Vaccination Programme for Great Britain must ensure that:-

All horses that enter racecourse property in this country must have received two primary vaccinations against equine influenza and where sufficient time has elapsed, a booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, followed by annual boosters. No horse may run in a race if it has been vaccinated within the 7 days previous to the race.

Where six-monthly or annual boosters are not given by the due date, a further course of primary vaccinations must be administered.

The above are minimum requirements. In many cases booster injections are recommended at intervals more frequent than 12 months. All vaccination intervals referred to above are to be calculated by ignoring the day of the vaccination and counting the day of the race.

The Vaccination Programme for Ireland must ensure that:-

A primary vaccination consisting of two injections given not less than 21 days and not more than 92 days apart. Then a booster injection not less than 150 days and not more than 215 days after the second injection of the primary vaccination. Thereafter, booster injections must be given within each succeeding 12 months or such lesser time as the Stewards of the Governing Bodies may, in an emergency, direct.

None of the injections mentioned above can be administered within the previous 7 days, including the day of the race or of entering the racecourse stables otherwise the horse shall not be qualified to start.

Notwithstanding the provisions contained in this Rule, the Stewards may permit any horse to run in a race before receiving the 150th/215th day booster injection specified in this Rule.

The above are minimum requirements. It is recommended that both the primary and first and subsequent booster injections should be given according to the manufacturer's instructions which will automatically fall within the above ruling. In many cases booster injections are recommended at intervals more frequent than twelve months.

In Italy all horses that enter in a racecourse must have received two primary vaccinations against equine influenza and where sufficient time has elapsed, a booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, followed by annual boosters.

The primary vaccinations is the minimum requirement for run.
Thereafter, booster injections must be given within each succeeding 12 months.
No horse which has received a vaccination may run within the following 7 days.
As for the vaccinations effected in Italy, the authorised veterinaries shall affix on the passport the tag from the case of the product administered and show the reason for the vaccination, the date, the place, their stamp and signature.

The Vaccination Programme for Germany must ensure that:-
All horses must have received a primary vaccination consisting of two injections against equine influenza in the following manner before they can run:
Two injections given not less than 21 days apart and not more than 92 days apart.
After that a third injection not less than 150 days and not more than 215 days after the second injection.
Thereafter, booster injections must be given within each succeeding 12 months.
A horse is not qualified to start for any race if it has not received the second injection of the primary vaccination. No horse shall run which has been vaccinated within the previous 7 days.

TRANSMISSION OF INFORMATION BETWEEN HORSERACING AUTHORITIES

When one Authority receives information from a third party or parties, correctly and in due time in accordance with that Authority's Rules, and fails to convey the information to another Authority, or conveys it incorrectly, the intended or receiving Authority will wherever practical accept or correct the information so long as the original notification to that other Authority complied with the intended or receiving Authority's Rules.
Notification to one Authority shall for these purposes be deemed notification to the intended or receiving Authority.

“Pattern Races” are those Flat races which in any particular year appear as a Pattern race in the European Pattern Race Book, and those Steeple Chases, Hurdle Races and National Hunt Flat Races which, in any particular year, appear in the list of Pattern races published in the Steeple Chases and Hurdle Races section of the Programme Book published by the authority of the British Horseracing Authority or, for such races run in Ireland, appear as Pattern races in the Irish Racing Calendar. Flat Pattern races are divided into Groups 1, 2 and 3. Steeple Chases, Hurdle Races and National Hunt Flat Race Pattern races are divided into Grades 1, 2 and 3.

“Listed Races” are those Flat races which in any particular year appear as a Listed race in the European Pattern Race Book, but in respect of the period 1980 to 1986, it includes any Flat race which was published as a Listed race in the 1987 Pattern Race Book, and those Steeple Chases, Hurdle Races and National Hunt Flat Races which, in any particular year, are published as Listed Races in the Steeple Chases and Hurdle Races section of the Programme Book published by the authority of the British Horseracing Authority.

Schedule (F)13

If in the conditions of a race a fixed penalty has to be carried for winning either a race specified by name or a race of a specific class or a Listed race or a race in a Pattern Race Group, horses running a dead-heat for such a race shall carry the penalty fixed as if the race had been won outright.

Where a fixed penalty has to be carried for winning a race of a specific class, it shall be calculated in accordance with the provisions of Rule (F)135 and Paragraph 2 of Schedule (F)13. For all Flat races run outside Great Britain at any time the fixed penalty shall be calculated in accordance with the provisions of Rule (F)138 and by the resulting race value being applied to the appropriate criteria listed in Schedule (F)2 of the Rules of Racing.

Rule (F)136

For the purpose of calculating qualifications or allowances **“Pattern Races”** shall be taken to include all races which are regarded as, or are assessed as, the equivalent of Pattern Races under the provisions of Paragraphs 3 and 4 of Schedule (F)13.

ELIMINATION

In Pattern and Listed races the runners will be reduced by the elimination of those horses which in the opinion of the British Horseracing Authority Handicapper have the lowest Handicap Ratings or, if they do not qualify for an official rating under the Rules of Racing, have the lowest assessment made by the

BHA Handicapper, based on races run up to and including the day prior to that on which entries closed or, in races which closed more than six days before running, up to and including the day prior to the confirmation of entries.

Random balloting will apply where horses have identical handicap ratings or assessments.

In order for the Handicapper to take account of performances outside Great Britain and Ireland, trainers of horses outside Great Britain and Ireland are advised to notify the Handicapper 10 days in advance of the entry of the intention to make such an entry. Failure to do so may result in such horses being eliminated first by random ballot. The Handicapper's decision to allot a rating or give an assessment when the above notification has not been fulfilled shall be final.

Note: Horses which have not run will be eliminated first by random ballot.

RULES (C)25 and (D)36 and SCHEDULE (D)2

FRANCE

SOME IMPORTANT NOTICES

(1) To run in French races, except if there are special conditions, horses must be thoroughbreds registered in the Stud Book of their country of birth.

Trainers of horses trained outside France are informed that, in order to enter any horse in a French race **for the first time**, they must declare the horse on the France-Galop website with its name, suffix, sex, year of foaling, pedigree and owner **at least 8 days before its first race in France**.

They must also supply with the entry, a complete record of all the performances of the horse entered, or the entry will not be valid, and they must update these performances by the time of the first forfeit, or three days before the Declaration of Runners date (if entries were made more than one month before the race).

Finally, before declaring runners, the exact weight a horse will carry must be checked with the French Secretariat organising the meeting concerned, as owners and trainers are entirely responsible for the weight carried.

MICROCHIP

No horse may race in France, if it hasn't been identified by a microchip implanted and the number of this microchip registered in its passport and export certificate.

ALLOWANCES FOR FILLIES AND MARES

There is an allowance for fillies and mares in all French races of 1½kg (3¼lb).

CONDITIONS OF STABLING AND STAY

For horses coming from abroad to run in a race organised by FRANCE GALOP, stabling conditions are as follows:

Horses entered at Longchamp arriving less than four days previous to the day of the race can be stabled as far as places are available at the racecourse where there is no training track. Unless a special authorisation is given by the Stewards, only slow canters, walking, trotting and trials of starts from stalls are allowed.

Other horses may be stabled at Chantilly, Maisons-Laffitte or Deauville. They then benefit by the same training and transport conditions as the horses located in these centres and their trainers should submit them to the trials of starts from stalls if they cannot certify that the horse has been satisfactorily started in races from stalls in their country and has caused no trouble at the start.

During the Deauville meeting, for any stay exceeding four days (day of the race included) stabling and training conditions are identical to those required for horses trained in France.

Moreover, no horse trained by any person holding a licence to train issued outside France by the authorities whose powers correspond in their country to those of the Stewards of FRANCE GALOP is allowed at the occasion of a temporary importation to stay more than eight days in France without being under the effective direction of his trainer or, in his absence, of a person authorised to train in France, specially commissioned for this purpose by the owner of this particular horse. Above one month's stay, the horse must be either re-exported or placed for a permanent period under the direction of a person regularly authorised to train in France for its owner.

Exceptionally, a horse coming from abroad to run in a race or races organised in France will be able to stay more than one month under the effective direction of its trainer. However, this possibility will imply special authorisation from the Stewards of FRANCE GALOP.

If a horse runs a race in violation of the dispositions of the above paragraph, it shall be disqualified in accordance with the French Rules of Racing.

FROM THE FRENCH RULES OF RACING

Rule 52.

DEFINITIONS

XIII. Pattern Races are those, whatever be their dates, which are in the "Pattern Race Book" published officially from 1971 by the Irish Turf Club, the English Jockey Club and FRANCE GALOP and those which are published in the International Cataloguing Standards Book.

Rule 92.

CLASSIFICATIONS

To decide the qualifications, penalties or allowances for Pattern Races:-

I. Group Races and Listed Races are classified in the following decreasing order:-
Group 1 - Group 2 - Group 3 - Listed Race

Any reference in the conditions of a race to one of these categories includes or excludes all races of a higher or lower category.

II. The following equivalences are applied

(See International Rule for Assignment of Weight/Penalties/Allowances - page 8)

ELIMINATION

In Group and Listed Races, the number of runners is reduced by the elimination of those horses which, in the opinion of the France Galop Handicappers, have the lowest handicap ratings. Random balloting will apply when horses have identical handicap ratings.

OWNERS' SWEEPSTAKE FOR FRENCH GROUP AND LISTED RACES

For each horse entered in a Group or a Listed race, a payment is made by the owner at the time of entry.

The amount of this payment is the same for every horse entered for the race on the same date.

For every Group and Listed race, two entry dates have been introduced:-

One date for initial entries and one date for supplementary entries.

The supplementary entries are due for the date fixed for the declaration to run for each race.

The amounts due at the initial entry stage and the supplementary entry stage are fixed by the general or particular conditions of each race.

The amount of this owners' sweepstake is allocated to the purse of certain races in addition to the sum allocated by the racing fund up to the amount of the prize money to the winner and placed horses as indicated in the conditions of the race.

Usual deductions will be applied on owners' sweepstake included in the prize money of the race.

OWNERS' PREMIUM

Unless there are special conditions, a premium is given to owners of horses finishing first, second, third, fourth and fifth under the following regulations:-

- the horse must qualify for a breeders premium in France;
- the race must not be restricted to French-bred Horses.

The premium will be for:-

64% of the prize money earned by the owners of 2,3 and 4 year olds

43% of the prize money earned by the owners of 5 year olds and upwards, finishing 1st,2nd,3rd, 4th and 5th.

The premium is not applied in the Prix de l'Arc de Triomphe.

The premium does not count for penalties, but percentages are paid to trainers and jockeys.

Rule 86.

QUALIFICATION FOR RACES RESTRICTED TO FRENCH-BRED HORSES

I. French-Bred Horses

“Horses considered to be born and bred in France are those which were foaled there and did not leave there before 1st June of the year following their foaling, apart from temporary exportation for a period of less than one month”.

II. Horses considered as French-Bred

As far as the conditions set out either by these Rules or by the general conditions of Programmes or particular conditions of races, included among horses born and bred in France are:-

A. Those which, born in France, accompany their dam visiting a stallion standing abroad on condition that:-

2. They have been re-imported into France with the dam, not weaned, before 1st September of the year of foaling, except in unavoidable circumstances approved by FRANCE GALOP;
3. They have been subsequently reared in France and have not left there before 1st June of the year following their foaling, apart from temporary exportation for a period of less than one month.

B. Those which are foaled during the temporary absence limited to the covering season of the dam which has been sent from France to be covered by a stallion standing outside that country, however the dam must not leave France before November 1st of the year preceding the birth of the concerned foal, provided that:-

1. they have been imported into France with the dam, not weaned, before September 1st of the year of foaling except in unavoidable circumstances approved by FRANCE GALOP;
2. they have been subsequently reared in France and have not left there before 1st June of the year following foaling except for temporary exportation for a period of less than one month;
3. they have fulfilled the formalities set out in Articles 83 and 84 of these Rules (Passport Regulations) for horses born outside France.

These dispositions apply also for the foal born during the temporary absence of the dam, when the dam has stayed more than one year outside France, but only if she had no other foal during that period of time.

NOTICE RELATED TO INTRA-ARTICULAR USE OF GLUCOCORTICOIDS

According to Annexe 15 of Code des Courses au Galop: No horse shall race in France within 14 days of an intra-articular administration of gluco-corticoid (any type of corticosteroid). This provision came into effect from 1 January 2013.

IRELAND

SOME IMPORTANT NOTICES

PASSPORTS

The passport must be lodged with the Turf Club Veterinary Officer not less than one hour before the time fixed for the running of the race in which the horse is declared to run.

BODY PROTECTORS

The Stewards of the Governing Bodies, having consulted with the Turf Club Medical Officer, have ordered that under Rule 198 (v), the minimum standard that Body Protectors must meet is EN13158:2000 Level 1. There must not be an attachment between the Body Protector and the saddle or girths. The Stewards of the Governing Bodies require that Body Protectors must be worn with a harness (crotch strap) in all races.

Body Protectors must not be modified in any way and must be in a serviceable condition.

CHIN STRAPS

In addition to wearing a Skull Cap and Body Protector of a pattern approved by the Stewards of the Governing Bodies, all riders when mounted on horses must have their chin strap properly adjusted and fastened at all times. Failure to comply with the above order may result in disciplinary action being taken by the Stewards.

SKULL CAPS

The only Skull Cap pattern approved by the Stewards of the Governing Bodies is the one constructed to meet specification EN1384:1997/PAS015:2011 and it must fulfil the following criteria:

- Riders should also note that as Skull Caps are designed for "single impact only" any Skull Cap which has been subjected to a severe impact or has been worn by a rider suffering from concussion should not be regarded as serviceable and should be replaced.

STIRRUP IRONS

The Stewards of the Governing Bodies have ordered that under Rule 198 (iii)(b), only stirrup irons which have been manufactured from aluminium, carbon fibre, steel, technopolymer or titanium may be used.

WHIPS AND SPURS

A whip shall not be used in a race unless it conforms to the following specifications and has been approved in advance by the Stewards of the Governing Bodies.

1. Riders may only use the air-cushioned whip conforming to the following specifications:

- 2. The use of worn whips is prohibited
- 3. The use of the whip in the following circumstances is forbidden:-
 - (a) The hitting of a horse in front of the saddle while the whip is held in the forehand position, unless exceptional circumstances prevail.
 - (b) The continued hitting of a horse after its chance of winning or being placed is clearly gone.

 - (e) The hitting of a horse other than down the shoulder or on the hind quarters.
 - (f) The hitting of a horse with excessive force or frequency.
 - (g) The use of the whip with the arm above shoulder height
- 4. Having used the whip the rider should give his mount time to respond. When deliberating whether there was improper use of the whip in relation to "excessive frequency" the Stewards may take into consideration;
 - (a) the rapid use of the whip without regard to the stride of the horse and/or
 - (b) whether the number of hits was reasonable and necessary over the distance they were given, taking into account the horse's experience.
- 5. The Stewards of the Governing Bodies have instructed the Stewards to bring before them any Rider who appears to have used the whip in any of the forbidden ways. If the Stewards are satisfied that a breach has occurred, then the matter will be dealt with in accordance with Rule 14(i) and (ii).
- 6. Where Stewards are satisfied that riding instructions given by Trainers or Owners have contributed to a breach of these Regulations, then such persons will be liable to disciplinary action in accordance with Rule 14(i) and (ii).
- 7. In the investigation of alleged breaches of this Regulation, it is recommended that the Veterinary Officer be asked to clinically examine the horse.
- 8. The use of spurs while riding in a race is absolutely forbidden.

GERMANY

SOME IMPORTANT NOTICES

Entries for horses trained outside Germany

Entries of horses trained outside Germany must be lodged with the Direktorium at the date of entry mentioned in the conditions of the race. To enter any horse in a German race for the first time the owners and trainers must provide the Direktorium with the correct name with suffix, colour, sex, year of foaling and pedigree (sire, dam and sire of the dam).

Entries from countries like Austria, Belgium, Bulgaria, Croatia, Czech Republic, Hungary, Netherlands, Poland, Russia and Slovak Republic are only accepted if the complete address of the owner and trainer is transmitted with the entry.

They must also supply with the entry, a complete record of all the performances of the horse entered, or the entry will not be valid, and they must update these performances one day before the declaration of runners date.

Withholding Tax

Under German Law, all prize money earned by those based outside Germany is subject to a deduction of Withholding Tax (currently 15.83%).

Owners based in certain countries are able to avoid the imposition of this Tax by prior registration for Withholding Tax exemption. Retrospective reclaim of Withholding Tax should also be possible, but is liable to involve considerable delay.

Owners are therefore advised to register for Withholding Tax exemption at the earliest opportunity. Registration may be made to Schmitz-ebest@direktorium.de.

British-based Owners

However, the British Horseracing Authority has recently been notified by the Direktorium (German horseracing's governing body) that, the interpretation of local tax rules having recently been reviewed, it is no longer possible for GB-resident owners to apply for an exemption from this taxation.

German V.A.T. Charge

A 7% German V.A.T. charge will be added to all entry and forfeit fees.

Pattern Races

1. In all Pattern races 30 valid entries from 20 different owners are requested.

2. Elimination

In Pattern races the runners will be reduced by the elimination of those horses which in the opinion of the Direktorium Handicapper have the lowest Handicap Ratings at that time.

- If not declared to run: 0.75% of the value of the race
- If declared to run: 1.0% of the value of the race

In all Italian Group races horses may be supplemented by 12.00am (Italian Time) on the day before the declaration of runners. The cost of supplementing a horse will be 20% of the value to the winning owner of the race. The supplementary fee must be paid to the Italian authorities by the day of supplementary entry.

All the money paid for forfeits, entries and supplementary entries will be added to the total purse for the owners as follows:

40% to the owner of the winning horse
30% to the owner of the horse finishing 2nd
20% to the owner of the horse finishing 3rd
10% to the owner of the horse finishing 4th

The added prize money will not be taken into account for the purpose of penalty values for future races.

DISTRIBUTION OF PRIZE MONEY

Prize money will be distributed as follows:

42.5% to the owner,
5% to the trainer,
2.5% to the jockey of the winning horse
18.7% to the owner,
2.2% to the trainer,
1.1% to the jockey of the horse finishing 2nd
10.2% to the owner,
1.2% to the trainer,
0.6% to the jockey of the horse finishing 3rd
5.1% to the owner,
0.6% to the trainer,
0.3% to the jockey of the horse finishing 4th

Prize money is paid by Ministero delle Politiche Agricole Alimentari E Forestali (ex A.S.S.I.) or by the relevant racecourse upon completion of all the relevant accounts and when all anti-doping procedures have been completed.

LISTED RACES

No Italian Listed races close early and there is no supplementary entry stage for Italian Listed races.

PAST PERFORMANCES

The performances of the horses must be faxed or mailed to the racecourse secretariat at least 24 hours prior to the declaration of runners.

DECLARATION TO RUN

Declaration to run must be made on or the day before the fixed time set in the conditions of the race. When declaring the horse it should be accompanied with the following information.

Name of the jockey; Weight to be carried; Coupling (if the ownership of more than one horse in the same race is totally or partially the same) and any wearing details (hood, blinkers, visor, eye shield, eye cover, tongue strap).

Please note that Nasal Strips are NOT ALLOWED.

Once a horse has been declared, the declaration cannot be cancelled or modified with the exception that in the 15 minutes following the declaration deadline, a jockey is allowed to be replaced by another who holds the same type of licence.

It is forbidden to declare a horse in more than one race on the same day, even if it is in different countries. If this does occur the horse will not be allowed to run in the race in Italy and will be banned from racing for 10 days and the trainer will be fined.

FILLIES AND MARES ALLOWANCE

Fillies and mares will receive an allowance of 1.5kg when racing against colts and geldings.

SAFETY NUMBER OF RUNNERS AND ELIMINATION OF RUNNERS

A safety number of runners is fixed by Ministero delle Politiche Agricole Alimentari E Forestali (ex A.S.S.I.) according to the racecourse and distance. If the declared runners exceeds the number allowed the field will be reduced with the elimination of those horses which, in the opinion of the handicapper specifically appointed by Ministero delle Politiche Agricole Alimentari E Forestali (ex A.S.S.I.), have the lowest rating. In the case of two or more horses having the same rating there will be a ballot between them. The decision of the handicapper is final and binding.

WITHDRAWAL AFTER THE DECLARATION TO RUN

Horses that have been declared to run and are subsequently withdrawn will be suspended from running with the following conditions;

If a horse is withdrawn before 9.00am on the day of the race it will be suspended for 10 days. However, if there has been a significant change in the going from the day of declaration this will be reduced to 6 days.

If a horse is withdrawn after 9.00am on the day of the race it will be suspended from running for 15 days.

These suspensions begin from midnight of the day of the race.

Upon a written request from the owner/trainer of the horse to the secretariat of the racecourse at the moment of withdrawal, the suspension can be changed to a fine.

If the horse is withdrawn prior to 9.00am on the day of the race the fine will be 4% of the prize money for the winning owner.

If the horse is withdrawn after 9.00am on the day of the race the fine will be 10% of the prize money to the winning owner.

If a horse is withdrawn for health purposes it will be suspended for 10 days on provision of a veterinary certificate. If a veterinary certificate is not provided it will be suspended for 15 days. These suspensions are not allowed to be converted into fines.

USE OF THE WHIP

The use of the whip is restricted. As a guideline a jockey is allowed to hit his horse 7 times, always giving time for the horse to react to the hits. In 2-y-o races the allowance is reduced to 3 or 4 hits.

All whip abuses will be punished by the stewards and the jockeys will be given a fine or suspension. The penalty can be increased in a case of repeated abuse.

A whip should be no longer than 70cm (including the lash).

DETECTION AND INTRODUCTION OF PROHIBITED SUBSTANCES AND INSTRUMENTS ON THE RACECOURSE

It is forbidden to bring into the pre-race boxes and the saddling enclosure any product which is forbidden under the anti-doping rules as well as any syringe and hypodermic needle or any other instrument to administer medication without the permission of the Veterinary Officers appointed by Ministero delle Politiche Agricole Alimentari E Forestali (ex A.S.S.I.). A breach of this rule will result in the disqualification of the horse. The trainer or anyone found guilty of this breach will be fined.

DOPING CONTROLS ON JOCKEYS

Jockeys are not allowed to consume, not even for therapeutic purposes, any substance or medicine affecting their physical or mental condition.

The use of slimming and dietary substances with the exception of Plegine and Clobenrorex is tolerated subject to medical prescription.

Jockeys will be randomly tested for prohibited substances according to the following procedures.

The stewards will inform the jockey that within 45 minutes he will undergo a test.

For further information regarding doping controls officials at Ministero delle Politiche Agricole Alimentari E Forestali (ex A.S.S.I.) should be contacted.

USE OF RACING HELMET AND BODY PROTECTOR

Their use is compulsory during races and workouts.

The helmet must conform to European Standard EN 1384/1996 and must show a CE mark. It must be in serviceable condition, of the correct size and fasten at all times.

Metal hooks are forbidden.

The body protector must conform to European Standard EN 13158/2000. It must be of the correct size and suitable for protection of the body and shoulders and in a serviceable condition.

The jockey is the sole person responsible for following the above rules during races and training. Responsibility is extended to the trainer in case of exercise work or an apprentice jockey.

An allowance of 1kg is given to the jockey for wearing the body protector. The helmet will not be weighed when a jockey goes to weigh in or out.

EUROPEAN PATTERN COMMITTEE

AIMS

1. The European Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality races in each age, sex and distance category within the member countries.
2. The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2 and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

MEMBERSHIP AND ADMINISTRATION

1. The Committee includes five member countries: Britain, France, Germany, Ireland, and Italy, represented by their respective racing authorities: the British Horseracing Authority, France Galop, the Direktorium für Vollblutzucht und Rennen, Horse Racing Ireland (HRI), and the Ministero delle Politiche Agricole Alimentari E Forestali (ex A.S.S.I.). Any other European country which stages a race which has been granted Group status by the Committee is regarded as an associate member and may be represented at the Annual Meeting with observer status but without a vote.
2. The Secretariat will be provided by the British Horseracing Authority on terms to be agreed from time to time.
3. The Committee will have available to it the annual World's Best Racehorse Rankings (WBRR) produced by the WBRR Committee of the International Federation of Horseracing Authorities (IFHA). The Committee is responsible for nominating three members of the WBRR Committee including a co-Chairman.

GROUND RULES

1. GENERAL RULES FOR EUROPEAN PATTERN AND LISTED RACES

Every European Pattern and Listed race must conform to the following rules:

- 1.1 It must have no indigenous conditions.
- 1.2 It must have a permanent element within the race title, to which a prefix or suffix may be added.
- 1.3 It must justify its Group or Listed status by the quality of its runners, assessed primarily by its Average Race Rating.
- 1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period. The Yearly Race Rating is the average of the official ratings, as agreed by the WBRR Committee, of the first four horses to finish in any given year. In addition, the actual weight allowance received by any fillies and mares finishing in the first four in open competition will be added to their official ratings for the sole purpose of calculating Yearly Race Ratings. If a race is abandoned during any three-year period, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

The Average Race Ratings below are the standard which a race should achieve to justify Pattern or Listed status:

Group 1	Group 2	Group 3	Listed
115	110	105	100

For certain races, however, other parameters will apply as follows:

3-y-o's and/or older fillies' and mares' races

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o races (other than fillies' events)

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o fillies' races

Group 1	Group 2	Group 3	Listed
105	100	95	90

- 1.5 Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
- 1.6 Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yo's or 3yo's.
- 1.7 No Group or Listed race should be permitted to divide into two or more divisions.
- 1.8 Total prize money, as advertised, must be paid out no later than 90 days after the date of the race.

2. DEFINITION OF CHANGES TO THE EUROPEAN PATTERN

For the purposes of the Ground Rules, changes are defined as:-

- 2.1 Any change to the Group of a Pattern race.
- 2.2 Any change to the distance, age or sex restriction, date, venue or surface of a Pattern race.
- 2.3 Any change to the permanent element in the name of a Pattern race.
- 2.4 Any change of more than 50% to the total value of a Group 2 or Group 3 Pattern race.
- 2.5 The introduction of a new Pattern or Listed race.
- 2.6 The deletion of an existing Pattern or Listed race.

3. RULES GOVERNING EUROPEAN PATTERN AND LISTED RACE CHANGES

3.1 Upgrading of Existing Pattern and Listed Races and the Creation of New Pattern and Listed Races

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances and with the unanimous agreement of the Committee.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

- 3.1.1 To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on a similar date for at least the last three years. (Note: a change in venue and/or surface is acceptable).
- 3.1.2 An application for upgrading or admission of a race which has been abandoned once within the last three years may be submitted only if both of the last two Yearly Race Ratings meet the required parameter.

3.1.3 Upgrading of Existing Pattern Races

- 3.1.3.1 An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
- 3.1.3.2 A race shall be eligible for promotion to Group 1 or Group 2 if the race in question achieves both an Average Race Rating and a Yearly Race Rating for the last year, in excess of the applicable parameter.
- 3.1.3.3 No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
- 3.1.3.4 The upgrading of any race already in the Pattern must be approved unanimously by the Committee. (N.B. If a member country chooses to exercise its veto it must do so only on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.)
- 3.1.3.5 The number of races to be upgraded within the Pattern in any member country will be limited to a maximum of three upgrades in any one year.

3.1.4 Upgrading of Listed Races into the Pattern

- 3.1.4.1 A Listed race satisfying the requirements for admission into the Pattern can only be introduced as a Group 3 race.
- 3.1.4.2 A race shall be eligible for promotion to Group 3 if the race in question achieves both an Average Racing Rating and a Yearly Race Rating for the last year which is at least 2lb (in both respects) in excess of the applicable parameter.
- 3.1.4.3 The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.
- 3.1.4.4 Any country with a race (or races) being deleted from the Pattern may introduce an equivalent number of new Pattern races in the year of the deletion provided in each case that the race fulfils the necessary requirements as above.
- 3.1.4.5 Further, but subject to paragraph 3.1.4.6, any member country may introduce one additional race into the Pattern in any one year (but no more than one, other than in an exceptional case approved unanimously by the Committee) provided that the race fulfils the necessary requirements as above.
- 3.1.4.6 Paragraph 3.1.4.5 will not apply to any country where a race is due to be deleted from the Pattern automatically in that year or to any country which (at the conclusion of the Committee's Annual Meeting) retains any Group 3 races with an Average Race Rating which is more than 2lb below the required parameter. In either of those circumstances that country will not be permitted to increase its number of Pattern races that year.
- 3.1.4.7 Applications for new races to become Pattern races from associate members, or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Pattern race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.

3.1.5 New Listed Races

- 3.1.5.1 Subject to paragraph 3.1.5.2, any member country may introduce up to two additional Listed races in any one year (but no more than two, other than in an exceptional case approved unanimously by the Committee).
- 3.1.5.2 Paragraph 3.1.5.1 will not apply to any country where any Listed race is due to be deleted automatically in that year. In those circumstances

that country will not be permitted to create any new Listed races in that year other than under the circumstances outlined in paragraph 3.1.5.3.

- 3.1.5.3 Any country voluntarily deleting a Listed race (or races) may introduce an equivalent number of new Listed races in the year of the deletion.
- 3.1.5.4 Subject to the above, the creation of new Listed races by a member country does not require the approval of the Committee.
- 3.1.5.5 Applications for new races to become Listed races from associate members or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.6 Notwithstanding the foregoing, there shall be no limit to the maximum number of new Listed races which may be created by a country wishing to become an associate member (after approval by a majority of the Committee) during their year of admission only, provided that each such race achieves the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.7 Any new Listed race which has been approved to take place in a country which is not an associate member will only be reviewed for potential upgrade or downgrade once the race has been run for a minimum of three years.

3.2 Downgrading or Deleting Pattern or Listed Races

The following rules shall apply to the downgrading/deletion of Pattern or Listed races

3.2.1 Group 1 Races and Classic Races for 3 Years Old Only

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded.

3.2.2 Group 2 Races (Excluding those Classic Races for 3 Years Old Only)

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded. If it is not downgraded, then the Yearly Race Rating will need to meet the required parameter in the following year or the race will be downgraded automatically.

3.2.3 Group 3 Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

3.2.4 Listed Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years it will be downgraded automatically.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

3.2.5 The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern or Listed race by the country concerned. However, no country will have any right of veto in such circumstances.

3.3 In assessing upgrades, admissions, downgrades (except in the case of automatic downgrades) or deletions of races to or from the Pattern, the Committee may additionally take account of:

3.3.1 The ratings of the four highest rated horses in any race as well as the first four to finish.

3.3.2 The effect on the shape of the Pattern in the country concerned and/or the effect on the shape of the entire European Pattern.

3.4 The following rules shall apply to any other amendments defined as changes to Pattern races:

3.4.1 Any change to the distance, age or sex restriction or date of a Pattern race must be approved unanimously by the Committee.

3.4.2 Any change of surface or venue, any change to the permanent element in the name of a Pattern race, and any change of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.

3.4.3 A member country should only exercise its veto on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.

4. WEIGHT-FOR-AGE AND SEX ALLOWANCES

The Committee aims to achieve greater standardisation of the weight-for-age and sex allowances in all member and associate member countries.

5. NOTIFICATION & IMPLEMENTATION OF CHANGES

5.1 All Pattern and Listed race proposals for the following year must be notified to the Secretariat by 1 December for immediate circulation to all member and associate member countries. This requirement shall be

observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.

- 5.2 Proformas for upgrades into the Pattern or promotions within the Pattern must be completed in full and returned to the Secretariat at least one week in advance of the Annual Meeting. The Committee may reject any Pattern race proformas returned with incomplete information.
