

NORWEGIAN STUD BOOK
Norsk Stambok for fullblod (NSB)

VOL V

Edited by:
THE NORWEGIAN JOCKEY CLUB
2008

Volume V
of The Norwegian Stud Book
includes return of mares for 2003–2006

Norsk Jockeyklub

Forord

Den femte utgaven av Norsk Jockeyklubs Stambok er den første som gis ut etter overgang til hestesportens nye datasystem, «sportsystemet».

Det omfattende arbeidet som er blitt gjort og gjøres ved utviklingen av et felles datasystem for avlsorganisasjonene i Norge er betydelig.

Innføringen av dette datasystemet medfører bl.a. at oppgaven med utgivelse av Norsk Stambok for engelsk fullblodshest vil bli langt enklere i fremtiden.

Stambokens innhold er basert på og følger de internasjonale bestemmelser besluttet av The International Stud Book Committee.

Boken inneholder resultat av bedekninger i perioden 2003–2006, samt statistikker og fortegnelser. Boken bygger videre på hingsteholders innsendte oppgaver over bedekte hopper og hoppe eiers innsendte opplysninger om resultat av bedekningen.

Vi kan nå konstatere at vi er kommet videre fra den første godkjente stamboken ble utgitt i 1998. Norsk Jockeyklub har en formålsparagraf om å fremme norsk avl av engelsk fullblodshest. Det er derfor viktig å understreke betydningen av dette arbeidet.

Utgiver påtar seg intet økonomisk ansvar for eventuelle feil i denne utgivelsen.

Øvrevoll, mai 2008
Norsk Jockeyklub
Hege E Jensen/Stambok ansvarlig

Registreringsreglement

Revidert april 2008

1. Avstammingskvalifikasjoner for engelsk fullblodshest

Generelle krav:

- 1.1 For å kvalifisere til innregistrering i Norsk Jockeyklubs Stambok for engelsk fullblod må en hest møte følgende krav:
 - 1.2.1 Hesten må kunne spores tilbake i alle ledd i sin stamtavle i Norsk Stambok eller i en stambok som er godkjent av den Internasjonale Stambok komite.
 - 1.2.2 Et føll kan bli oppgradert fra B-registeret «andre engelske fullblodshester» som er utarbeidet av Norsk Jockeyklub hvis følgende kriterier er oppfylt:
 - a) Hesten kan vise til åtte sammenhengende stambokførte krysninger med «Fullblodshest» inklusive det leddet hvor den selv er avkommet.
 - b) Hesten kan ved sin avstamning og ut fra løpsresultater i løp for fullblodshester bli berettiget til opptagelse i Stamboken.
 - c) Oppgraderingen er enstemmig godkjent av Den Internasjonale Stambok komiteen.
 - 1.2.3 Hester som ikke er kvalifisert til å bli innført i Norsk Jockeyklubs stambok kan bli registrert i Norsk Jockeyklubs B-register for «andre engelske fullblodshester».

2. Registrering av avlshoppe/avlshingst

2.1 Identitesbevis

For å kunne innføres i Norsk Jockeyklubs Stambok som avlsdyr, forlanges fullstendig bevis for avlshoppens, -hingstens avstamning og identitet;

- a) ved eiers utfylling av registreringskjema for avlshoppe eller avlshingst med hestens innregistrerte navn, farge, alder, avstamning, avtegn, nåværende eier samt hestens historie,
- b) ved å kunne følge hesten gjennom alle eierskifter siden fødselen,
- c) ved å fastslå **DNA-profilen** til hesten. Dette gjelder alle avlsdyr og fordrer at veterinær **tar hårrøtter fra hestens hale**. Unntaket er avlshopper som allerede er blitt DNA-testet. Hvis det er grunn for tvil, eller testen er ufullstendig, må **nye hårprøver tas** av avlshoppen.

Ved import av hester som er født i utlandet, skal et eksportsertifikat som identifiserer hesten sendes fra Stambokmyndighetene i det landet hesten er født.

For hester som er på besøk i Norge og blir her i kortere tid enn ni måneder, er det ikke nødvendig å innhente eksportsertifikat, istedet skal hestens identitetspapirer utstedt av Stambokmyndighetene i det landet hesten er registrert, deponeres hos Norsk Jockeyklub.

2.2 Hingstekåring

Hingst som skal brukes i avlen må kåres av oppnevnt kåringsnemd. Kåringsbrev utstedes av Norsk Hestesenter.

Unntak fra bruk av kåret hingst gjelder kun hvis registrert eier av hoppen også er registrert som eier av hingsten. **Hingsten må godkjennes av Norsk Hestesenter.**

2.3 Oppdretter

Oppdretter er fysisk eller juridisk person som helt eller delvis eier eller har eid registrert hoppe som brukes eller har vært brukt i fullblodsavlen. Som oppdretter regnes hoppens registrerte eier/leier ved føllets fødsel. Denne bestemmelsen kan ikke fravikes.

3. Springsedler

Springседler blir utstedt av Norsk Jockeyklub for hver avlshingst når denne er kåret og/eller registrert for avl.

3.2 Hingsteier forplikter seg til:

- a) å fylle ut på springseddelen detaljer vedrørende enhver avlshoppe som blir bedekket av denne eiers hingst i løpet av sesongen.
Hvis en hoppe blir bedekket av mer enn en hingst, må samtlige sprang føres på en separat springseddel for hver hingst.
- b) å utstede en kopi av springseddelen til eierne av de hopper som er bedekket når bedekningsavgiften er betalt.
- c) å innsende en kopi av hver springseddel til Norsk Jockeyklub og en kopi til Norsk hestesenter innen 1. oktober.

4. Føllregistrering

4.1 Krav ved registrering av føll

Oppdretter må ved registrering til Norsk Jockeyklub oppfylle følgende krav:

- a) Springseddel, signert av hingstens eier, som bekrefter første og siste dato for bedekning, samt riktig identitet av avlshoppen, og at hoppen ble bedekket på naturlig måte og at det ikke ble foretatt kunstig inseminasjon, at samme hoppe gjennomgikk en naturlig drektighet og fødselen foregikk ut av den samme hoppen som ble bedekket.

Føll som er et resultat av kunstig inseminasjon, embryo overføring eller transplantasjon, kloning eller all annen form for genetisk manipulering, vil ikke være berettiget innført i en av Den Internasjonale Stambok komité godkjente stambok for engelsk fullblodshest.

- b) Fødselsbevis signert av oppdretter, som angir detaljer om avkommet, slik som farge, kjønn, fødselsdato og fødested.
I de tilfelle hvor det ikke er noe levende avkom, skal fødselsmelding likevel fylles ut med opplysninger om hoppen var tom, resorbert, kastet, eller at føllet var dødfødt eller døde på et senere tidspunkt. Hvis disse opplysninger ikke blir gitt, vil resultatet «ingen opplysninger» fremkomme under hoppens avkom i stamboken, og betyr at stamboken blir ufullstendig. Dermed senkes kvaliteten og verdien av informasjonen i Norsk Stambok for engelsk fullblodshest.
- c) Et identifikasjon skjema (**registreringssøknad**) som opplyser om føllets foreldre, farge, kjønn og fødselsdato utfylt av oppdretter, **samt en grafisk beskrivelse av avkommet (passinnlegg)**, som er datert og signert av veterinær.
- NB! AVTEGN (MENS FØLLET GÅR SAMMEN MED MOREN) SKAL REGISTRERES AV VETERINÆR NÅR FØLLET ER FYLT 4 MÅNEDER OG SÅ NÆR DENNE DAG SOM MULIG.*
- d) Veterinær **tar hårprøver fra halerot av føllet og sender Veterinærinstituttet for å fastslå hestens DNA-profil**, hvis nødvendig også av mor og far for å stadfeste at avlshoppen og avlshingsten er de rette foreldre til føllet.
- e) Veterinær microchipper føllet.
- f) Innbetale registreringsavgiften.

Ovennevnte krav gjelder registrering av avkom i fødselsåret.

4.1.1 Senere innregistreringer

For avkom som blir søkt innregistrert etter 31.12. i fødselsåret, vil i tillegg til forannevnte krav også gjelde at tilleggsavgiften for sen registrering må innbetales.

INNREGISTRERING VIL IKKE BLI AKSEPTERT FOR AVKOM SOM ER FIRE ÅR ELLER ELDRE

4.2 Kvalifikasjonskrav

Avkom er ikke kvalifisert til å bli innregistrert i Norsk Stambok med mindre:

- a) det er et resultat av en naturlig bedekning, som innebærer at hingsten fysisk bestiger en hoppe. Denne naturlige bedekning omfatter også umiddelbar oppfølging av hingstens bedekning ved innføring av en del av den sæd som utstøtes av samme hingst under bedekningen av samme hoppe i dette tilfellet.
- b) den hoppen hvori føllet ble unnfanget, gjennomgikk en naturlig drektighet og forløsning.

Intet føll som er et resultat av kunstig inseminasjon, embryo overføring eller transplantasjon, kloning eller all annen form for genetisk manipulering, vil være berettiget innført i en av Den Internasjonale Stambok komite godkjente stambok for engelsk fullblodshest.

4.3 Farge og drektighetsperiode

Selv om fullstendige opplysninger om et føll er innrapportert, og at føllet iht. **DNA-profilen** er avkom av de oppgitte foreldre, kan søknad om innregistrering av føllet bli avvist. Dette gjelder hvis den oppgitte fargen er uforenlig med de farger som er registrert for de oppgitte foreldre, eller hvis den konstaterte drektighetsperioden til moren avviker betydelig fra generell akseptert standard.

5. Hestepass

- 5.1 Pass blir utstedt for alle føll som er født i Norge og registrert i Norsk Jockeyklub.
- Passet **som er Norsk Jockeyklubs eiendom** må alltid følge hesten.
 - Det påligger eieren, oppdretteren og treneren å sjekke identiteten til alle hester som kommer i deres varetekt, samt undertegne den aktuelle siden i passet for å stadfeste hestens rette identitet.
 - Enhver tvil om riktig identitet skal straks rapporteres til Norsk Jockeyklub.
- 5.2 Tap av pass skal straks rapporteres til Norsk Jockeyklub.
- 5.3 Passet er Norsk Jockeyklubs eiendom og skal innleveres når det kreves.

6. DNA

- 6.1 Veterinærinstituttets fellesavdeling for husdyrgenetikk ved Norges Veterinærhøyskole, seksjon genetikk, postboks 8156 Dep, 0033 Oslo er valgt til DNA-testing for Norsk Stambok for engelsk fullblodshest.
- 6.2 DNA-test av en hest er ikke godkjent for norsk stambok for engelsk fullblodshest med mindre den er blitt fastsatt av ovennevnte laboratorium basert på hårprøver tatt forskriftsmessig og oversendt til laboratoriet, eller det allerede foreligger DNA-test godkjent av tilsvarende offentlige oppnevnte laboratorium i utlandet.

DNA-test godkjent av et utenlandsk laboratorium aksepteres :

- a) hvis den involverte hesten døde før DNA-testing ble foretatt i Norge, og for å stadfeste DNA-profilen til en importert avlshoppe eller avlshingst (pkt. 2.1c).
- b) hvis det er for å fastslå opphavet til en moderlivsimpport ved DNA-test av avlshingst, (pkt. 4.1d),

forutsatt at riktig DNA-profil er konstatert, og at Norsk Jockeyklub, etter den mottatte informasjon finner å kunne godkjenne den.

7. Navngivning

- 7.1 I søknad vedrørende navngivning av hest må oppgis farge, kjønn og alder sammen med navnet til far og mor. Søknaden vil ikke bli godkjent med mindre hesten kvalifiserer for innregistrering i Norsk Stambok eller i tilsvarende stambok som er godkjent av Den Internasjonale Stambok komiteen.
- Ved navnforslag på et annet språk, kan oversettelse bli forlangt.
 - Når det gjelder navnsøknad av norskfødte hester må navnet i tillegg godkjennes av stambokmyndighetene i de øvrige skandinaviske land, (Sverige og Danmark).
- 7.2 For å kunne starte i løp må hest være navngitt. Hest kan ikke starterklæres til løp eller brukes i avl med mindre den er navngitt.
- 7.3 Kriteriene for å få godkjent et tidligere «brukt» hestnavn, er for:
- a) avlshingst, 15 år etter død eller 15 år etter siste gang denne hingsten bedekket en hoppe. (Det som inntreffer tidligst), eller ved fylte 35 år hvis tidspunkt for død ikke er blitt innrapportert.
 - b) avlshoppe, 10 år etter død eller 10 år etter siste gang den ble bedekket eller føllet, eller ved fylte 25 år. (Det som inntreffer tidligst), eller ved fylte 30 år hvis tidspunkt for død ikke er blitt innrapportert.
 - c) andre hester, 5 år etter død, eller ved fylte 20 år, (det som inntreffer tidligst) hvis tidspunkt for død ikke er blitt innrapportert.
- 7.4 Følgende restriksjoner gjelder ved navngivning
- Hest kan ikke gis navn som:
- a) er innregistrert i internasjonal sperreliste over beskyttede navn
 - b) inneholder mer enn 18 karakterer inkludert mellomrom
 - c) bæres av kjente privatpersoner med mindre skriftlig godkjennelse foreligger fra denne eller dennes familie, eller reklame med kommersielt innhold, med mindre spesiell tillatelse er innhentet fra rettighetshaver.
 - d) i uttale eller skrivemåte ligner tidligere registrerte navn
 - e) er etterfulgt av bokstaver eller tall
 - f) er sammensatt av eller inneholder initialer, tall, bindestrek, punktum, komma, utropstegn, anførselstegn, kolon, semikolon, delingstegn.
 - g) virker upassende eller støtende
 - h) kan skape forvirring med hensyn til veddeløp eller totalisatorspill
- 7.5 Reklamenavn eller firmanavn kan godkjennes under forutsetning av at skriftlig tillatelse er gitt av rettighetshaver eller likestilt person.

- 7.6 Ønskes navnendring på hest skal søknad om dette rettes til Norsk Jockeyklub. Navnendring tillates ikke for
- a) hest som har vært starterklært
 - b) for hest hvis navn allerede har vært publisert i løpsprogram i Norge eller utlandet.
 - c) for hest som har virket i avl.
- 7.7 Når det gjelder navngivning eller navnendring av utenlandsk født hest, må dette godkjennes i det land hesten er født.

For hester som importeres til Norge, også dem som får status som norskoppdrettede, skal navn godkjennes i det land hesten er født. Navnsøknad skal gjøres gjennom den godkjente stambokorganisasjon i det land hvor hesten oppholder seg.

- 7.8 Avgift for navngivning eller navnendring av innregistrert hest fastsettes av Norsk Jockeyklub.

8. Eksport

- 8.1 Hvis hest eksporteres eller reiser ut i avlshensikt, skal eier eller dennes fullmektig sørge for at hestepasset blir stemplet av Norsk Jockeyklub og at det blir søkt om eksport før utreise.

Hvis eksporten er permanent, dvs. utenlandsoppholdet skal vare i mer enn **9 måneder** for et avlsdyr skal det utstedes et eksportsertifikat som oversendes fra Norsk Jockeyklub til stambokmyndighetene i det landet hesten eksporteres til.

Hesten mister da sin status som norskregistrert.

9. Definisjon av norskoppdrettet

- 9.1 Som norskoppdrettet hest betraktes:
- a) Hester som er født i Norge av, på føllingstidspunktet, her innregistrerte hopper, og deretter har forblitt i Norge inntil 1.juni påfølgende år.
 - b) Hester født i utlandet av norskregistrerte hopper, (jfr pkt. 9.1, 2. avsnitt) og som føres til Norge sammen med moren innen 31. desember i fødselsåret samt forblitt i Norge inntil 1. juni påfølgende år under forutsetning av:
 - at hesten tilfredsstiller kravene til registrering i det land den er født.
 - at det ved føllets tilbakekomst blir sendt registreringsøknad til Norsk Jockeyklub vedlagt kvittering for betalt mva
 - at eksport sertifikat fra det land hesten er født er innkommet til Norsk Jockeyklub

- 9.2 Føll født i Norge av norskregistrert hoppe kan i fødselsåret sendes til utlandet sammen med moren uten å miste sin status som norskfødt under forutsetning av:
- a) at en beskrivelse av føllet deponeres hos Norsk Jockeyklub før føllet forlater Norge,
 - b) at føllet returnerer til Norge før 31. desember i fødselsåret,
 - c) at føllets identitet kontrolleres av norsk veterinær straks etter tilbakekomsten.
 - d) at føllet forblir i Norge inntil 1. juni påfølgende år.
- 9.3 Som Skandinaviskoppdrettet hest betraktes alle hester som er født og innregistrert i ett av de skandinaviske land, og som iht. til dokumentasjon har oppholdt seg i et av de skandinaviske land inntil 1. juni det påfølgende år. (Som skandinaviske land betraktes; Norge, Sverige, Danmark).

B-Register

(oppdatert juni 2005)

Kriterier for innregistrering i register for «andre engelske fullblodshester»

1. Generelt

Registeret gjelder for fullblodshester som ikke oppfyller kravene til innføring i Norsk Jockeyklubs stambok, men som likevel kan innføres i Norsk Jockeyklub's B-Register for øvrige fullblodshester.

2. Krav til bruk av avlshoppe/avlshingst

2.1 Begge foreldrene skal kunne vise til åtte sammenhengende stambokførte kryssninger av fullblodshest. Begge foreldrene må være DNA-typet.

3. Krav til innføring av føll i registeret

3.1 a) Føllet er et resultat av en naturlig bedekning, som innebærer at hingsten fysisk bestiger en hoppe. Denne naturlige bedekning omfatter også umiddelbar oppfølging av hings- tens bedekning ved innføring av en del av den sæd som utstøtes av samme hingst under bedekningen av samme hoppe i dette tilfellet.

b) Hoppen hvori føllet ble unnfanget, gjennomgikk en naturlig drektighet og fødsel.

Ingen føll som er blitt unnfanget ved kunstig inseminasjon, eller som er resultat av et transplantert embryo, kloning eller all annen form for genetisk manipulering, vil bli registrert i B-Registeret for øvrige fullblodshester.

3.2 Det foreligger identitetsbevis for avlshoppen/avlshingsten.

3.3 Det foreligger springseddel med første og siste dato for bedekning.

3.4 Det foreligger fødselsbevis.

3.5 Det foreligger søknadskjema om innregistrering m/fullstendig avtegnbeskrivelse

3.6 Føllet er Dna-typet og godkjent som rette avkom av sine foreldre.

3.7 Føllet er microchippet.

Oppgradering fra B-Register til Norsk Jockeyklubs Stambok
Ref. Registreringsreglementets pkt. 1.2.3

Rules of registration

1. Thoroughbred pedigree qualification

- 1.1 To be eligible to be registered as a Thoroughbred in the Norwegian Stud Book a horse must be able:
 - 1.2.1 To be traced down all lines of its pedigree either in the Norwegian Stud Book or in a Stud Book approved by the International Stud Book Committee, or
 - 1.2.2 A foal may be promoted from the Non Thoroughbred Register (B-Register) published by the Norwegian Stud Book when the following conditions are all satisfied:
 - a) The horse can prove satisfactorily eight consecutive crosses with «Thoroughbred» including the cross of which it is the progeny.
 - b) The horse can show in its pedigree, such performances in racing open to thoroughbreds as to warrant its assimilation with them.
 - c) The promotion is approved by the unanimous agreement of the International Stud Book Committee.
 - 1.2.3 Animals which do not qualify registered in The Norwegian Studbook can be registered in Norwegian Jockeyklub's B-Register the «Non thoroughbred register».

2. Broodmare/stallion registration

2.1 Identity verification

Before any stallion or mare can be registered in the Norwegian Stud Book as breeding stock the animal's identity must be established.

- a) By the completion by the animal's owner of the appropriate stallion or broodmare registration form, recording the animal's registered name, colour, markings, age, pedigree, present owner, and previous history.
- b) By tracing the animal through all its ownerships since birth.
- c) By establishing the DNA-profile of the animal. In respect of all breeding animals, this will require a hair sample taken by a veterinarian surgeon from the foals tail, and the dams DNA-profile unless her DNA-profile has previously been officially established.

In the case of imported animals an export certificate identifying the animal must be received from the stud book authority of the animal's country of birth. For imported animals visiting Norway for less than nine months the requirements for the provision of an export certificate may be replaced by the lodgement of the animal's identity documents issued by the stud book authority with which it was registered at birth.

2.2 Licencing for breeding

A stallion must be issued with a licence by The Norwegian Horse Centre before it can be registered as breeding stock.

Exceptions will be made if the owner of the mare to be covered also owns the stallion.

2.3 Breeder

For the purpose of these regulations the breeder is the person or entity who has been recorded as being the owner of the mare at the time that her foal was dropped..

3. Covering certificates

3.1 Covering certificates are issued by the Norwegian Jockeyklub for each stallion when it is registered for breeding.

3.2 Stallion owners are required:

- a) To enter on the certificate the details of every mare covering by their stallion in the season. In particular, if a mare is covered by more than one stallion, a separate certificate must be made for each stallion.
- b) To issue a covering certificate to the owner of each mare covered by their stallion.
- c) To return the completed counterfoils (i.e. one copy of the covering certificate to The Norwegian Jockeyklub and one copy for The Norwegian Horse Centre) by October 1st.

4. Foal registration

4.1 Foal registration requirements

For registration of the produce the following must all be received from the breeder:

- a) An official certificate of covering, signed by the stallion owner, confirming the first and last dates of service in the previous year, the stallion owner's satisfaction as to the correct identity of the mare, and that the mare was served naturally and that artificial insemination was not used, and that a natural gestation took place in, and delivery must be from the body of the same mare in which the foal was conceived. Any foal resulting from or produced by the process of artificial insemination, embryo transfer or transplant, cloning or any other form of genetic manipulation not herein specified shall not be eligible for recording in a thoroughbred stud book approved by the international stud book committee.
- b) An official form «Return of mares» signed by the breeder, giving the required details of the produce, namely the colour, sex, date and place of birth.
In the event of no live produce the official form must still be completed indicating whether the mare was barren, aborted early, slipped or that the produce was born dead or has died. Failure to report this information will result in the term «no return» appearing on the mare's produce line. This detracts from the completeness, and thus the value of the information in the Norwegian Stud Book

- c) A formal application form to register the animal stating the parentage, colour, sex and date of birth of the produce, prepared by the breeder, and showing a written and graphic description of the markings of the produce, prepared, signed and dated by a veterinary surgeon.

MARKINGS SHOULD BE TAKEN WHILST THE FOAL IS UNDER ITS DAM BEFORE 1st OCTOBER IN THE YEAR OF BIRTH AND AS NEAR TO THIS DATE AS POSSIBLE.

- d) A veterinarian samples hair from the animals tail and where necessary also from the mare and stallion, and forward this to The Veterinarian Institute to determine that the mare and stallion qualify as the parents of the foals by typing.
- e) Payment of the foal registration fee.

The above requirements apply to produce which are registered in their year of foaling.

4.1.1 Late returns

For the produce whose registration is not sought or completed until after October 1st in their year of foaling, in addition to the above the following will apply.

- a) The foal identification certificate must be supported by independent statements given by a veterinary surgeon to establish the identity of the produce beyond all doubt.
- b) The fee at the then current rate for late foal registration must be paid.

NO APPLICATION TO REGISTER PRODUCE CAN BE CONSIDERED FOR PRODUCE WHICH ARE AGED FOUR YEARS OR OVER AT THE TIME OF APPLICATION.

4.2 Service to produce an eligible foal

A foal is not eligible to be registered in the Norwegian Stud Book unless;

- a) It is the product of a natural service or covering which is the physical mounting of a mare by a stallion with intromission of the penis and ejaculation of semen into the reproductive tract. A portion of the ejaculate produced by the stallion during such mating may immediately be placed in the reproductive tract of the mare being bred.
- b) a natural gestation took place in, and delivery was from, the body of the mare in which the foal was conceived. Any foal resulting from, or produced by, the process of artificial insemination, embryo transfer or transplant, cloning or any other form of genetic manipulation not herein specified shall not be eligible for recording in a thoroughbred stud book approved by The International Stud Book Committee.

4.3 Reported coat colours and gestation periods

Notwithstanding that a complete return must be made for a foal, and that the foal may qualify by DNA parentage verification of being the progeny of its stated parents, the application to register the foal may be refused either if its reported coat colour is inconsistent with the registered coat colours for its stated parents, or if the reported gestation period of its dam is significantly at variance with generally accepted limits.

5. Issue of passports

A passport will be issued for every foal whose birth is registered with the Norwegian Stud Book. While the passport remains the property of The Norwegian Jockeyklub it must accompany the horse at all times. It is also the responsibility of all owners, breeders and trainers to use the passport to check the identity of each horse in their care, and to sign the relevant page in the passport to signify that the identity has been confirmed. Any identity doubt should be reported to The Norwegian Jockeyklub immediately.

5.2 Any loss must be reported to The Norwegian Jockeyklub immediately.

5.3 Passports are the property of The Norwegian Jockeyklub and must be returned on demand.

6. DNA-typing

6.1 The laboratory officially designated to carry out DNA typing for the Norwegian Stud Book is: Veterinærinstituttets fellesavdeling for Husdyrgenetikk ved Norges Veterinærhøyskole, Seksjon Genetikk, P.O. Box 8156 Dep, 0033 Oslo.

6.2 For the purpose of these regulations an animal's DNA type will not be considered to be officially established unless either it has been established by the above laboratory, based on hair or blood samples submitted to that laboratory, and notified to the Norwegian Jockeyklub or in certain circumstances, it has been established by the officially designated laboratory of an approved Stud Book Authority overseas.

The circumstances under which DNA or blood types established by overseas laboratories as above will be accepted are:

- a) If the animal concerned has died before a valid hair or blood sample could reasonably have been taken from it, to establish the DNA type of an imported broodmare or stallion, (see 2.1.c).
- b) In the case of stallions only, for the purpose of parentage testing a foal conceived abroad and imported in Utero. (see 4.1. d),

provided that the hair or blood type so established and notified to The Norwegian Jockeyklub is considered sufficiently comprehensive for the purpose.

7. Naming of horses

The Registration of a name for a horse can only be made by or with approval of the competent Authority of its country of birth.

7.1 An application for a name for a horse must state the colour, sex and age together with the registered name of the sire and dam. Such applications will not be accepted for registration unless the horse has been accepted for inclusion in the Norwegian Stud Book or in a stud book approved by the International Stud Book Committee.

Translation of a foreign name applied for may be requested.

For Norwegian born horses a name must also be approved by the Stud Book Authorities in the other Scandinavian countries (i.e. Sweden, Denmark).

- 7.2 A horse may not be entered to race or be used for breeding unless it has a name registered with the Norwegian Jockeyklub.
- 7.3 The criteria for making names re-available are as follows:
- a) stallions, 15 year after death or 15 years after being out of stud, (which ever is the soonest) or at 35 years of age, if death not reported.
 - b) mares, 10 years after death or 10 years after the last year of covering or foaling, (which ever is the soonest) or at 30 years of age, if death not reported.
 - c) other horses, 5 years after death, or at 20 years of age, (whichever is the soonest) if death not reported
- 7.4 The following restrictions on the registration of names shall apply:
- a) Names on the international list of protected names.
 - b) Names of more than 18 characters, signs or spaces.
 - c) The name of a public person, unless written permission is given by the person concerned or their family, or names of commercial significance without the appropriate permission.
 - d) The name whose spelling or pronunciation is close to a name already registered.
 - e) Names followed by initials or numbers.
 - f) Names made up entirely of or include initials, figures, hyphens, full stops, commas, signs, exclamation marks, inverted commas, forward or back slash, colon and semi-colon.
 - g) Names that are suggestive or have a vulgar, obscene or insulting meaning; names considered in poor taste, or names that may be offensive to religious, political or ethnic groups.
 - h) Names which would cause confusion in the administration of racing or betting.
- 7.5 Names which would act as an advertisement for a company or product will be accepted with the written approval of the Company or Body associated with the name.

- 7.6 An application for a change of name shall be directed to The Norwegian Jockeyklub. A name may not be changed for any horse;
- a) who has been declared to run
 - b) or for a horse that has already bred
 - c) or for a horse whose name has already been published in a race card in Norway or abroad.
- 7.7 Name or change of name for a horse born abroad, must be approved by the Recognised Turf Authority in the country of birth.
- 7.8 The fee at the then current rate for naming or change of a horse's name is decided by The Norwegian Jockeyklub.
- 8. Exportation of horses**
- 8.1 The owner or his agent of a horse to be exported must apply on the official form for the endorsement of the horse's passport, should the export be permanent (if the stay abroad is to be in excess of **nine months** for a stud animal) for the issue or endorsement of an Export Certificate.
